Unfinished Business

- ARPA Funding Reporting and Distribution
 - The manager requested to report the funds as a standard allowance for revenue replacement. This allows the Borough to report the use of the funding without using specific reporting guidelines outlined by the Federal Government. This is an allowance provided by the act to save the administrative costs of using a lengthy reporting method to report the use of the funding. Attorney Zuke and our Auditor Alissa Harrison both spoke on the issue and answered any questions the Council had on the matter. The funds would still be able to be spent on any allowable government expense or service.
 - *L. Heisey moved to report the ARPA funding as a standard allowance for revenue replacement. P. Kresge seconded the motion. Council was in accord and the motion carried.*
